

Ag Credit Act

(CONT. FROM PAGE 1)

industry will immediately launch an educational program to acquaint producers with it and earliest projected date for another vote would be some time in 1979. USDA figures late in 1979 would be the earliest possible.

When the beef promotional plan was involved in hearings before Congress there was considerable opposition from consumer and union labor advocates. These interests sought to force representation on the 66 member board which would be administered by this board subject to approval and appointment by USDA. The aim of the project is to coordinate research and information to improve, maintain and develop markets for cattle, beef and beef products. Projected check-off would be 0.6% (three-tenths of one percent) resulting from the sale of cattle. Producers could demand and get a rebate and certain branding cattle might be exempted.

Another portion of the bill extended the Emergency Livestock Loan program through 1979. It also made eligible owners of livestock in custom feedyards for guaranteed loans by the Farmers Home Administration. The \$4 Billion Agricultural Credit Act also raises the FmHA ceiling on insured operating loans to \$100,000 and farm ownership loans to \$200,000. The ceiling on guaranteed loans goes to \$300,000. The Act also removed the 7% ceiling on interest on guaranteed loans in favor of interest rates negotiated between borrowers and lenders.

The Act extends eligibility for FmHA loans to farm corporations, co-ops and partnerships, depending on eligibility otherwise. It would allow FmHA credit refinancing of existing debts up to \$400,000 and payouts for up to 40 years, provided the debts were incurred within the past 5 years.

It's like having a BONUS calf to sell, if you put just 50 pounds extra on each of eight calves you already have!

by creeping on

EVERGREEN SPECIAL CREEP FEED

Calves really love that Evergreen flavor! They take right to it and take off in a hurry!

And it costs a lot less than having another cow!

You can also save losing 40-60 pounds on each mother cow because calves don't pull 'em down; mothers recover faster to start on that next calf! Calves don't scour; and if you market, Evergreen-creeped calves usually grade higher, both for individual quality and for batch uniformity.

have used. He said, "The idea is that we must get away from letting a particular branch of Government that is under suspicion — and those beholden to that branch — do the investigating of their own colleagues. . . . It is unfair to ask people to sit in judgement on their close friends, people they have known and worked with for years. It is embarrassing to them. You don't permit that kind of situation in a courtroom. A judge or juror with such close associations with a defendant would be disqualified."

There are admittedly some bad apples in the Government barrel in Congress, in the Administration and in the Bureaucracy and the problem we have is how to get rid of them and let the honest and fair people proceed to run the Government. Whether Koreagate was a whitewash, or not, depends on your politics. However, the problem still remains, as to how to avert coverups of malfeasance in Govt. In a short year and a half, the Carter Administration has had its share of "nowa events" or "scandals" or whatever you choose to label 'em.

It is said that Secy. of Agriculture Bob Berglund has a plan under way to "unish" Dr. Robert Angelotti, head of USDA's Food Safety & Quality Service and right-hand man of Assistant Secy. Carol Tucker Pinninn. When Angelotti's tour of packing plants under his jurisdiction with one Dr. Bob Silverstein, a consulting firm involved in meat packing necrosis, surfaced, it was branded suspect since Angelotti apparently accepted favors from Silverstein in making the trip.

Latest information is that Angelotti is due for a "reprisment" and a possible suspension. This move rather mild and if the facts are as they have been reported, it would seem Angelotti's value to the Administration was scrubbed and he had to move elsewhere or with a resignation or by firing. The coverups continue as in the case of Dr. Baume, Bert Lanes and others who had to leave Govt. amid charges of various kinds. All quiet on the Administration Front and the Congressional Front so far as Koreagate is concerned.

It appears the time has come to turn up the heat in the Governmental Kitchen and the first opportunity yet, and we will have it in November and it is to be hoped that will mark the time when decency in Govt. angors the people as much as the Tax Revolt.

Ever thine,
The Editor.
P. S. Unlike Dunk notes where USDA's Carol Tucker Foreman says even quarterly inspections of Foreign Packing Plants is too expensive, yet she breaks out in a rash over her samples that somebody might sell some meat to a customer the way graded wrong. Reminds us of the ad "Box-X Cattle Co. ran in the Fort Worth Star Telegram at the time President Carter made his visit last June. It read "HOUSEWIVES: To guarantee BEEF

Australians Informed

(CONT. FROM PAGE 1)
The Prime Minister today was handed a note at London Airport from special U. S. advisor on inflation, Mr. Robert Strauss, stating that the U. S. required Australian beef urgently. Mr. Fraser (the Prime Minister) is reported to have replied that Australia could supply 70,000 tonnes.

The article went on to credit Mr. Fraser by stating, "The Australian breakthrough appears to have been achieved by hard bargaining of the Prime Minister on his recent U. S. visit."

Notice the sad irony where the Australian government leader is credited by his own people with hard bargaining in behalf of an industry while the same industry in America was sold down the river by its leader.

The instant reaction in Australia resulting from the quota announcement was to plan production for next year's beef shipments. Reports in the same newspaper indicate on increase of 100,000 tons is being planned. This will bring the total imports from Australia to 400,000 tons.

Is it possible, due to their advance preparation, that the Australians know something we don't? Since the Australian pipeline for influence and news is obviously much better than ours, we should definitely take heed.

Where can we go for help? Can we go to the Secretary of Agriculture, the first and most obvious source of assistance? No, Mr. Berglund recently said, "The dilemma is that we are sympathetic to the need for recovery in the cattle business but the import-related proposals before Congress are unacceptable to us."

Benjamin Franklin, during his many foreign travels to drum up support for the American cause in the Revolution, started the practice of secretly sending now seeds back home for American farmers to try.

He said "we" and "us". You and I must assume that "we" and "us" refer to the administration. The import-related proposals he referred to is the counter cyclical method of determining import quotas on foreign beef which was beautifully proposed and written by our National Cattlemen's Association and endorsed by the Senate.

We did a great job, up to the critical point. We presented a solution to a problem. In this instance an import quota bill, but we didn't sell it. We ran out of gas. We found ourselves to be powerless. President Carter was looking for a solution, received advice and direction from another source, decided against endorsing the concept, yet opened up imports of foreign beef which the legislation proposed would have called for.

So what happened? We now are aware that a deal had been made between President Carter and Prime Minister Fraser. We also know that the presence of a National Cattlemen's Association representative to appear with the President when he made his decision public had been requested. Of course the invitation was declined by NCA because the Pres-

ident would not reveal his decision to NCA. In effect, it is now perfectly clear due to maneuvering before the announcement that the intent was to destroy the recent optimism in the beef industry.

The American Cattlemen were optimistic in the future of the business and were expanding their herds. After several years of liquidation followed by expanding efforts, a temporarily serious shortage of beef at the retail level came out. The novice approach to the problem was strictly psychological: destroy optimism and cause further liquidations which would result in an immediate increase in supply at the retail outlet.

Did their plan work? Yes! As proof, one large feedlot in Kansas complained that their inventory value decreased by \$7 million in one day following the announcement of raising import quotas.

The drawback with the psychological solution is that it is, first, strictly psychological, and second, it is temporary. The psychological effects will not create more cattle and will probably cause the existing cow herd population to decrease even further. The end result will be an even greater shortage.

On man in the nation's capital, with the stroke of one pen on one piece of paper, he destroyed the long-awaited optimism in the future of this country's greatest industry. We are a multi-billion dollar business, yet we have no control over our own destiny.

Clayton Williams Brangus Sale At Alpine, August 19

Alpine, Texas — The Clayton Williams Brangus Production Sale will be held Saturday, August 19, 1978 at the Alpine ranch located 6 miles north of Alpine, Texas off Hwy. 118. Sale time is 3:00 p.m.

This top offering of Brangus cattle all wearing the Half Circle W Brand will feature the get and service of General, Rocky Joe 650, Tom-Tom and Elefante, all top bulls in the Brangus breed.

The offering includes a breeding interest in Elefante, 7 herd sires prospects including 6 sons of "650" and 1 son of Tom-Tom, 5 show halfer prospects, all daughters of "650," and 56 female lots. The female offering is made up of 18

AMERICAN RED BRANGUS ASSOCIATION NEWS

The Slight Edge

By John Beasbey
During the past month, LaGayle and I have had the opportunity to do some traveling around the state mixing business with pleasure and we've had the pleasure of inspecting some of the finest cattle in the world... Red Brangus, of course!

While reflecting on our trip, I began thinking about the differences between registered breeders, those who consistently get top prices for their cows and those who have difficulty in moving their cattle at all, except through the auction ring - what really makes the difference? When you look

at the cattle, there really doesn't appear to be that much difference, if any at all. Certainly one man's cattle are not twice as good as another's and yet he receives twice as much for his calves, maybe even more.

And then I realized that the livestock business isn't really any different than any other business or sport. It's just a "Slight Edge" that separates the winners from the losers - only one more hit in every ten times at bat separates a Rod Carew (\$900,000 per year) from a journeyman ball player in the big leagues (\$30,000 per year).

Maybe just ten minutes a day of record keeping on your herd would give you the "Slight Edge" you need in evaluating performance. Or maybe just one pound a day per head of the right supplement would give your cattle the "Slight Edge" to reach their full genetic potential. Even just \$10 spent for a classified advertisement on your bull calves for sale might give you that "Slight Edge" in commanding a premium price.

Now some people say "I tried that once and it didn't work for me" but nothing worthwhile was built by trying once. The Paleface Ranch has been

at this Red Brangus business for over 30 years and yet Mike Levi tells me that if he continues to do a real good job then his grandchildren might really have something.

I know Mike is being a little modest but the point is a good one! Putting it another way, a big shot in little shot that just keeps on shooting.

In the Red Brangus breed we are fortunate that we do have the right kind of cattle for today's market - That gives us one "Slight Edge" going in - and I believe that we as individual breeders can expand on that "Slight Edge" by: 1. Advertising -

if nothing more than well placed roadside signs available thru the ARBA Office; 2. Keeping neat, clean facilities looks like you're successful but not extravagant; 3. Keeping your best cattle next to the road and all cattle in proper condition; 4. Keeping basic performance production records for your benefit in making management decisions as well as marketing cattle.

IARBA Office is preparing record systems for sale to members; 5. Establishing name and reputation in local communities (One good way is thru the FFA and 4-H events).

Ultimately your success and my success as Red Brangus breeders comes from becoming known in our area as the person with better cattle than our neighbor or the man down the road. That's the "Slight Edge" that brings buyers back year after year.

Heifer Futurity
Sept. 1, 1979 is the deadline for sending in final payments of \$50 for the First ARBA Superior Quality Red Brangus Heifer Futurity for those entrants who elected the installment plan.

At this time please send in the ARBA number of the heifers nomi-

Replacement Cattle Prices Were Mixed During Past Week

St. Joseph, Aug. 4 (USDA) - National feeder cattle and calf receipts this week 210,800, compared to 217,800 last week and 185,000 a year ago. A highly uneven price pattern for feeder cattle and calves emerged this week. Substantial price losses for slaughter steers and heifers was at least one factor providing considerable uncertainty among feeder buyers. Although cattle under 600 lbs. were in limited supply and not well tested at any markets, those found a ready outlet and prices moved at prices no worse than steady.

Other feeders particularly fleshy offerings suitable for a short turn in the feedlot were more generally pushed in the same direction as the sliding slaughter market. Prices on the river ranged from 2.00 lower while Sioux City and Kansas City experienced losses amounting to as much as 4.00 with fleshy offerings often at the full decline.

Oklahoma City, Dodge City, Springfield, Mo. and Arkansas ranged steady to 2.00 lower. On the other hand, Amarillo, Iowa and Kentucky saw prices jump firm to 2.00 higher. In Texas, 300 up in Kentucky. Tennessees had steers steady to 2.00 lower but heifers steady to 2.00 higher.

The Southeast exemplified trading across the U.S. on a smaller scale with very erratic price trends showing steers steady to 5.00 higher, in some choice calves under 400 lbs. 1.00-5.00 lower in Alabama and all weights and grades weak to 2.00 lower in Mississippi; heifers add steady to 2.00 higher, except Mississippi weak to 8.00 lower.

In the mountain and far West states prices trended up with most localities, both auctions and direct sales, recording price gains from firm to as much as 2.00.

River markets: 20,500. Steers - few choice 300-400 lbs. 80.00-71.75, some thin and quiet in Kansas City 78.00-73.00; 500-600 lbs. 63.00-60.00, 700-800 lbs. 58.25-65.00, mostly 63.00-58.00; moderately fleshy and fleshy 700-800 lbs. 57.00-62.00, some to 69.50 and 84.50 in St. Joseph and Sioux City; moderately fleshy and fleshy 800-900 lbs. 53.00-58.40; fleshy 900-1100 lb. 51.00-64.00. Few to 68.00 in Kansas City. Heifers - few choice 300-400 lbs. 60.00-66.75, few 400-500 lb. 58.00-63.00, 600-800 lbs. 58.00-62.50, some fleshy down to 54.50, 600-700 lbs. 55.00-59.50. Moderately fleshy and fleshy 700-800 lbs. 51.50-56.25, some to 57.50 in Kansas City; fleshy 800-900 lbs. 49.00-55.50. Dodge City: 500-600 lbs. - few choice 300-400 lbs. 70.50-80.00, few 500-600 lbs. 61.00-64.00, 800-700 lbs. 50.00-62.00, 700-800 lbs. 58.40-61.50, fleshy 700-900 lbs. 55.50-57.50. Heifers - few choice 300-400 lbs. 59.50-62.50, few 400-500 lbs. 55.25-58.50, 600-800 lbs. (CONT. ON PAGE 15)

Brushy Creek Sets Beefmaster Sale Sept. 2, Beaville

Beaville, Texas - Leon M. Barnes' Brushy Creek Beefmaster 5th annual Beefmaster sale will be held Saturday, Sept. 2, beginning at 1 p.m. in the Bee County Livestock Market at Beaville.

Selling will be 60 bulls, a great set of hard bull prospects; and 60 females and bred and open heifers of replacement caliber.

The sale was originally set for Hallettsville, but will instead be held in Beaville.

Barnes reminds everyone to remember the Live Oak County Beefmaster Association sale to be held on Sunday, Sept. 3, at Three Rivers.

Further information is available from Leon Barnes, a charter member of Beefmaster Breeders Unlimited, Brushy Creek Beefmasters, Route 1, Box 270, Hallettsville, Texas 77984, phone 612/799-2111 or 512/708-2291; or from the auctioneers and sale managers, Bert & Ruben Reyes, 118 West Nakoma, P.O. Box 82928, San Antonio, Texas 78213, phone 612/340-8185.

Approximately a quarter-million farms ceased operating since 1970.

There's good reason why the Brangus female is America's Number 1 brood cow - she consistently raises calves that make profits for cattlemen!

Experimenting with different breeds and crosses, cattlemen found the 3/8 Brahman - 5/8 Angus combination to be the perfect heritage for a profitable brood cow.

Brangus females are highly fertile and mature early, calving as 2-year-olds with no difficulties, traits inherited from their Angus forebears. They get longevity and easy calving from their Brahman ancestry, and excellent milking ability from both breeds. Together, these traits make the ideal mother cow.

Calves produced by Brangus mothers wean 75 to 100 lbs heavier than other breeds. They are hardy good-doers that gain quickly on feed or forage. But more important, Brangus calves are preferred by stockers, feeders, packers, and consumers alike. They give you the most pounds of high quality meat at the lowest possible cost, and at the same time bring top dollar at the stockyards and in the supermarket.

Texas Brahman Assn. Convention Held On Padre Island, Connell President

Corpus Christi — "Learning and Funning" was the theme of the 1978 Texas Brahman Association Convention and Marketing Seminar held here at the Padre Island Beach Hotel in Corpus Christi, Texas, July 14-15.

The convention opened on Friday with a TBA directors' meeting. Then the "learning" began as several qualified speakers discussed various aspects of marketing cattle. Bobby Sale of V Bar Horsefarms, Stanton, Texas, led off the speakers. Also speaking on Friday was Bud Fichte, a partner in "The Gate Marketing Group", Arlington, Texas, and James Grote, manager of Gronto Hills Horsefarms, Leno, Texas. These three speakers used their diverse backgrounds to examine marketing techniques.

Following Friday's speakers, the "funning" began with a dinner and Jerry Clower, nationally known entertainer. Clower kept the audience laughing and warmed up the group for the auction that followed. The auction netted \$5,442.15 for the TBA. Items sold ranged from hunting lacoes to Indian head neckles.

Saturday's program began with an address from the American Cattle Society in Oklahoma discussing oslow management. Dale Runyon, publisher and editor of the International Livestock Journal in Fort Collins, Colorado, spoke on advertising.

After the speeches, a lunch was served followed by a TBA membership meeting. Harriet Leskar of Ft. Worth won the back cover of "The Brahman Journal" for a month in a drawing. Don Jones of Sugarland was named the TBA Best Booster of the year and awarded a plaque. A resolution commemorating the loss of J. A. Clifford of Wealaco, Texas, was introduced. Afterward, officer elections were held.

New officers are: Frank Connell, Thornton, Texas, president; Tom Dean of Cherokee, Texas, first vice-president; Henry Clay Koonz of Pineda, Texas, second vice-president; and Wendell Johnson of Buffalo, Texas, secretary-treasurer.

Wendell Johnson presents Don Jones with his Best Booster award at TBA convention.

New Directors are: Area 1 — Steve Allen, Madisonville, Texas; Area 5 — J. M. Green, Corpus Christi, Texas; Area 8 — Drew Hubert, Boy City, Texas; At Large — Jimmy Clifford, Mercedes; Don Jones, Lampasas; Bob Parish, Houston; Earl Walker, Fradricksburg; and Bobby White, Houston.

Riverwood Farms 2nd Production Sale Scheduled Sept. 30

Paris, Texas — Bill Naeley's Riverwood Farms will put 100 head of top quality gray Brahman cattle on the auction block here, September 30 at 1:00 p.m. This, their second production sale, will be held on the ranch near Paris, Texas.

The offering includes 50 females that will all be bred or have a calf at side as well as 50 bulls. Both top quality herd sire prospects and commercial bulls will sell. The commercial bulls will be of service age, in good flesh and ready to go to work.

The auctioneer is Ike Hamilton and the sale headquarters is the

McKellar Red Brahman "Super Cow Sale" Set For October 7

Mt. Pleasant — McKellar Ranch's Tenth Annual Production Sale of Red Brahman Cattle will be held Saturday, October 7, 1978. Sale time will be 12:30 p.m. at the McKellar Ranch located 2 miles east of Mt. Pleasant on Hwy. 69. Lunch will be at 11:30 a.m.

Billed as "The Super Cow Sale," the offering will feature a first in the history of the Red Brahman breed — selling 1/2 donor embryo transplant shares in the two best females on the McKellar Ranch. Three recipient females carrying purebred Red Brahman embryos will also sell.

The sale offering includes 30 pairs (many 8-in-1 packages), 50 bred heifers, 20 bred cows, and 2 outstanding herd sire prospects. Many of the females selling are good enough to go into a transplant program.

Sale headquarters will be the Holiday Inn, Mt. Pleasant, Texas, 214/672-8611.

Auctioneer will be Stanley Stout. For more information and catalogs contact McKellar Ranch, Rt. 5, Mt. Pleasant, Texas 75455, 214/672-9182, Lee McKellar, Owner or Monty Banks, General Manager.

TEXAS RED ANGUS NEWS

Wilson Farms Red Angus Sale Sets Two New Records

Gallatin, Tenn. — Record shattering prices were paid for an elite herd of Red Angus stock at Wilson Farms complete herd dispersal held on July 28 and 29, 1978. An estimated crowd of more than 300 Red Angus producers attended the sale in which 368.83 lots grossed \$424,000. Two new breed records were established at the sale. First the \$424,000 gross sales proceeds broke the previous record of \$328,000 for the highest grossing Red Angus sale in history. The previous record was established in 1975 at the Chico Molding Co. dispersal. Second, the average price per head of \$1156 broke the record of \$1151 set by the average established this year at Monrovia Farms dispersal in Timberville, Va.

In addition, 84.88 bulls averaged \$1002 at the Wilson Farms sale, establishing it as the highest averaging bull sale for Red Angus in 1978. The top selling bull was a 6-year-old which sold for \$25,700. Also in the offering were 108 cow-calf pairs that averaged \$1189; 104 bred and open females averaged

\$879. The overall gross on females was \$298,830 to average \$990. Wilson Farms, located near Gallatin, Tenn., is owned by Wm. Comer. Comer's herd had been scientifically developed for top performance for more than 26 years. Much time and genetic engineering had gone into creating one of the most highly demanded blood lines in the Red Angus breed.

Red Angus Show Highlights Grand National Exposition

Six livestock classes will feature breeds new to the 94th annual Grand National Livestock Exposition, Rodeo and Horse Show when it opens a 10-day run at the San Francisco Cow Palace October 27-November 5.

The prestigious "three shows in one" Grand National features 3,000 of the country's best livestock in North America competing for a total of \$147,818.50 in best cattle, swine and sheep divisions. Entry deadline is September 21. Highlighting the new breeds is the \$5,000 Silver Anniversary Red Angus National Super Show and Sale, November 3-4, and the \$2,955 Regulator of Merit Horse Show — Pen of Five Bulls on November 4. The other new cattle event is a \$1,500 class for Limousins.

Livestock exhibitors have until September 21 to enter the Grand National Livestock Exposition, Rodeo and Horse Show being held October 27-November 5 at the San Francisco Cow Palace, Grand National Manager Orrville Chapman announced.

For entry information, contact the Livestock Department, Cow Palace, P. O. Box 34208, San Francisco, California, 94184, (415) 584-2180.

Big Texas Delegation Expected To Attend Red Angus Convention

A big Texas delegation is expected to attend the Red Angus Association of America Silver Anniversary national convention in San Francisco Oct. 31-Nov. 4.

Carolyn Carter, member services secretary of the ARAA in Oenton, said flight reservations for a greatly reduced airfare to fly to the convention, and that many more are expected.

A round-trip fare of \$145 can be obtained if reservations are made by Sept. 29, she said. The flight to San Francisco leaves Ocala-Fort Worth Regional Airport at 9 a.m., Monday, Oct. 30, and return flight leaves San Francisco at 2:01 a.m., Monday, Nov. 5.

For flight reservations, information, or assistance with reservations at the convention, call Carolyn Carter at 817/887-3502, or write the Red Angus Association of America, Box 776, Denton, Texas 76201.

Leachman Red Angus Sales To 5 States Average \$1,361

Billings, Mt. — Leachman Cattle Co., Billings, Mont., anticipates strong private treaty demand for Red Angus females this summer with the sale of 82 females to buyers from five states. The bred purebred females range from \$700 to \$2,000, averaging \$1,361, the commercial pairs brought \$650 and the commercial heifer calves averaged \$450.

Countless visitors have visited the renowned breeding establishment throughout the summer. Sold out of yearling bulls, Leachman will have 50 senior bull calves coming off test in August, available for private treaty early this fall.

Pennala purchases are as follows: McLean Ranches, Willard, Mo. — 20 full calving cows bred to Leachman National 1704 and Midland Chief 1212. Fritch Cattle Enterprises, Libertyville, Ill. — 5 cows bred to Thunderbolt for early 1979 calves. Carol Sanders, Assala, Or. — 8 cows to breed to Leachman Chief 608. Bobby Mitchell, Clarkville, Ark. — 2 cows exposed to Thunderbolt. Don Blackwell, Silos, Mo. — 6 commercial pair and 20 commercial heifer calves.

Red Angus Silver Anniversary in SF Cow Palace

Oenton — Red Angus breeders will celebrate their 25th year as a breed registry when their Silver Anniversary convention commences on November 1 in San Francisco, Calif.

The four day Silver Anniversary affair will begin with the 25th annual meeting of the Red Angus Association of America on November 1 and 2 at the Airport Hilton Inn in San Francisco. On Nov. 3, the Silver Anniversary National Show will be held in conjunction with the Grand National Livestock Exposition at the Cow Palace and will be judged by Dr. Joe B. Armstrong, University of Georgia Beef Extension Specialist, Covington, Ga.

The evening of Nov. 3 is reserved for the annual awards banquet and the Silver Anniversary Ball which will be held in the regular ballroom of the Airport Hilton Inn.

The Silver Anniversary National Sale will begin at 10 a.m. on Nov. 4 at the Cow Palace with Auctioneer Bill Laffy of Lincoln, Cal., working the block.

Red Angus breeders from across America will be in attendance to celebrate 25 years as America's first performance registry.

Red Angus Show, Sale To Be Highlights Of National Convention

Oenton, Texas — A big show and sale are expected to be two of the highlights of the Silver Anniversary National Convention of the Red Angus Association of America in San Francisco, Oct. 31 through Nov. 4.

Mike Sweet, executive secretary of ARAA, said there will be 115 head competing for honors in the show in San Francisco's Cow Palace Nov. 3. Or. Joe Armstrong, beef specialist at the University of Georgia, will judge the show.

Two members of the Texas Junior Red Angus Association, Bobby and Barry Nabours of Temple, are planning to take animals to compete in the show. Sweet said 40 head of cattle from 25 herds scattered all over the nation have been accepted for the sale, which will be held at 8 p.m., Monday, Nov. 4 in the Cow Palace.

Seventy-two percent of the surface of the earth is covered by water.

Red Angus Bull Test Postponed Until Sept. 22

Coraltona — The Texas Red Angus bull test originally scheduled to begin at Navarro College here Aug. 18 has been postponed and will begin Sept. 22 instead.

Clifford Hoffmann, Rowena, president of TRA, and Tim Bauer, Whinn, a director, will meet with Wayne Burkhalter Jr. of Navarro College early next week to work out details of the test.

"We expect no more than 40 bulls for the test," Hoffmann said. The delay in starting was to accommodate breeders whose bulls would have been too young to go on test Aug. 18, Hoffmann said.

ROOF COATINGS

Old roofs of composition shingles & old cedar shingles can be extended many years. Anyone can apply by brush. M.A. BLACK is a mineral asphalt that dries in 30 minutes. Being thin it penetrates the cracks and seals by itself, stops most leaks. Not a tar. T.M. WHITE is a white coating developed especially to be brushed over the old roof. Either may be used without the other. Best recommendation is that the M.A. BLACK be applied and then two coats of T.M. WHITE. This very permanent repair, at a cost of less than a new roof. This white surface contributes much to cooling in summer. This is our 28th yr. Write for our catalog. We ship same day order in received.
